

Jail Chaplains continues to provide hope and compassion to the men and women in the Cass County Jail, although it looks different than pre-COVID. When group programs could no longer take place the ministry pivoted to making Bible study sheets available for the inmates twice each week. The goal of the study sheets is to encourage the inmates to use the Life Recovery Bibles Jail Chaplains has provided for a number of years. The study sheets include the page numbers in the Life Recovery Bible where the verses can be found and we have been so encouraged by the engagement by the men and women. Nearly ½ of the inmates are requesting the Bible study sheets and they are completing the lessons. We are rejoicing to see evidence of God continuing to transform lives!

Andrea, a returned citizen says "I spent time at the Cass County Jail where the course of my life was forever changed. It was in a Jail Chaplains program where they explained I was a new creation in Christ. The old had passed away and the new is here. I just knew I was saved. The word of God has been my foundation since then, 2014. Recently the Jail Chaplains gave my husband a Life Recovery Bible ... I think that is so powerful of a gift and it is a very easy to read version.

Listen to this video to hear more how lives have been impacted a Life Recovery Bible. Make a gift today and you can be part of changing a life for eternity. <https://www.youtube.com/watch?v=Xjwv47JQL8M>
