Jail Chaplains; Lives being *Repurposed* with hope and compassion

More than 8,500 men & women were confined in the Cass County last year. Jail Chaplains has a consistent presence sharing the good news of Jesus and practical healthy life skills. Through the 20+ hours of programming each week the class participants are encouraged to consider letting Jesus help them with a life reset and invite him be their life coach.

***You* can be part of repurposing lives!**

- \$12 provides a Life Recovery Bible, the inspiring guide book for life.
- \$29 provides a 29 minute "Own It" class. A volunteer leads participants in a discussion about how the Bible encourages us to accept responsibility for the choices we make.
- \$58 provides a weekly class lead by a counselor sharing conflict resolution techniques using scripture based principles.

The Jail Chaplains team also works to arrange mentor for men and women desiring to leave incarceration and grow in their faith by connecting with a local church. Lives being repurposed to be healthy productive members of our community!

MY LIFE HAS BEEN *Repurposed*

by Bradley Satrom

Confused angry drug user to being a Dad like I dreamed of having.

The early years of my life were very confusing. My mom moved from one marriage to another. My father was not part of my life and I couldn't understand how that was possible. He certainly showed me what NOT to do!

I had all of these feelings; emptiness, confusion, frustration, anger, spite, hatred & distrust. Alcohol, weed & meth became my life and as a result I spend a lot of time incarcerated. While I was in the Cass County Jail I **attended the Jail Chaplains programs and heard Jesus loved me and wanted to have a relationship with me.** Seeds were planted.

My daughter, Ava, was born in 2007. I was committed to being part of her life and tried to stay clean. **I remembered the message of hope I had heard in the Jail Chaplains programs.** By the fall, 2011 I started attending church regularly. Even on the weekends Ava wasn't staying with me, her Mom allowed me to pick her up for church. It became the highlight of our week as we worshipped and were encouraged by others on our faith journey.

December, 2015 **I called the Jail Chaplains office and asked if I could be part of helping others with a past similar to mine.** They invited

me to attend a Thursday evening men's Bible study Chaplain Mike leads. Seeing other men come from where I had been and watching them get clean with Jesus has been an amazing blessing in my life!

Jail Chaplains mentors also attend the Bible study. They are helping me gain strength as I grow in my faith. **Each of those men are great examples for me and through God's grace I am incorporating more of Jesus into my life.**

God's work through Jail Chaplains has repurposed my life. I've gone from being a drug using angry person to a grateful forgiven man looking for opportunities to tell others there is hope and freedom in Jesus!
